

LIECHTENSTEIN – THE PLACE TO BE!

How to position your company ideally
to access all the European market.

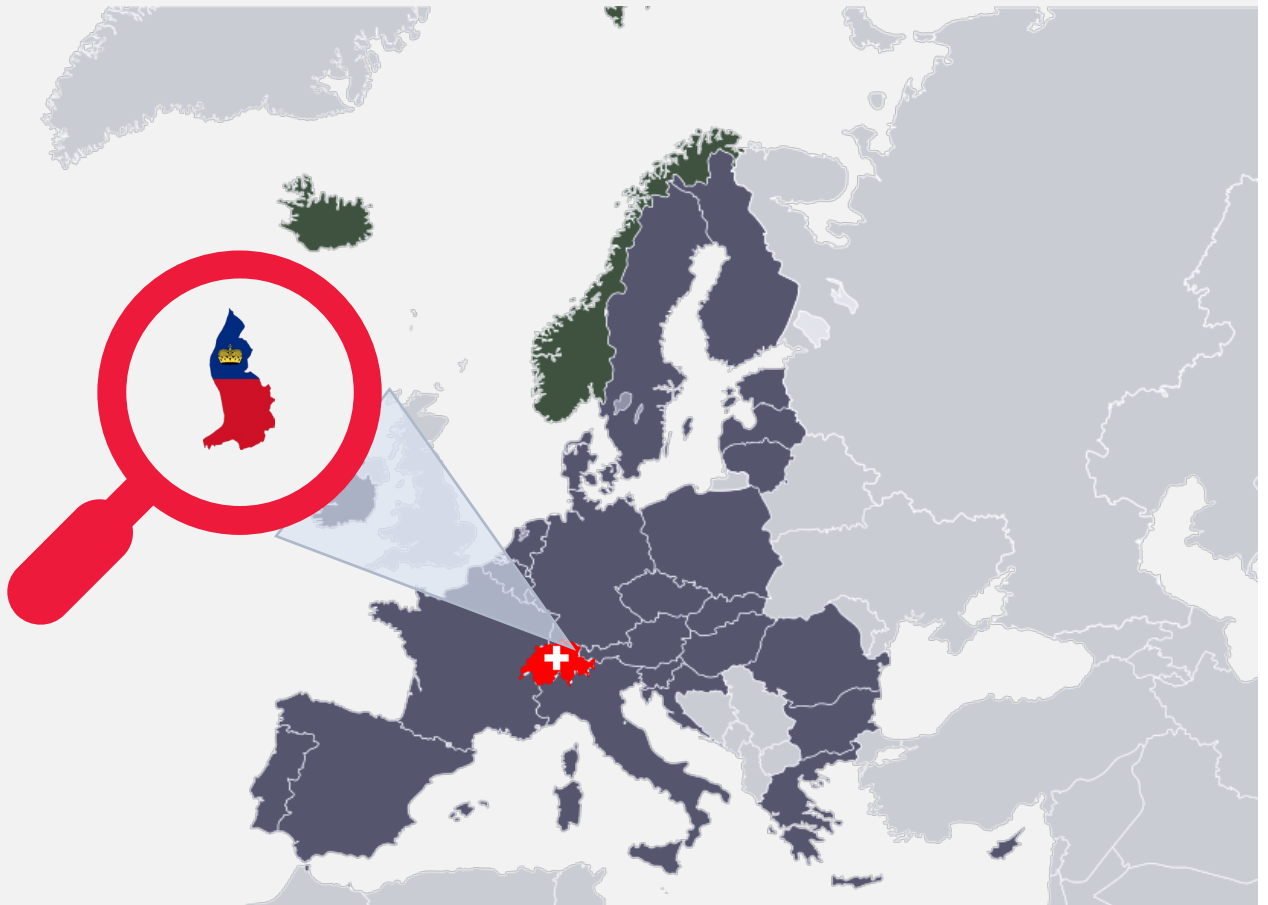

BDO
Liechtenstein

Liechtenstein as «Gateway» to the European Market.

Why should you choose Liechtenstein?

- ▶ Unrestricted access to the European market with approximately 450 million people.
- ▶ Open access to the Swiss market through the Swiss Franc and the customs union.
- ▶ MiCAR is based on the same principles as the Token and Trusted Technology Services Provider Act (TVTSG), which has regulated the crypto industry in Liechtenstein since 2020.
- ▶ Liechtenstein's service providers and the Financial Market Authority (FMA) have extensive experience in Blockchain, Crypto, Fintech.
- ▶ Attractive flat tax rate of 12.5% for companies.
- ▶ High political, economic, and social stability and an innovation-friendly environment.
- ▶ AAA country rating by Standard & Poor's
- ▶ Short and efficient decision-making processes.

We accompany you on this journey.

Our Offer

With our combined expertise and experience in corporate, regulatory, and compliance consulting, we enable a tailored solution to offer your company's products and services all over Europe.

▶ **Initial Assessment**

Analysis of the business model and clarification of requirements for your company.

▶ **Strategy**

Development of a «European Strategy».
